

LIMESTONE FEDERAL CREDIT UNION CONTINUES TO OFFER AN EXCELLENT PRIVATE STUDENT LOAN SOLUTION

Paying For College Just Got Easier!

Recognizing the need for private student loans for our members, Limestone Federal Credit Union (LFCU) offers an excellent funding solution to students and their families with our private student loan program.

With college enrollment at an all time high, paired with the escalating cost of tuition, LFCU provides families with a complimentary product to assist them with funding higher education. The loan can help pay for all qualified education expenses, including tuition, room and board, books, computers, even past due tuition bills. This private student loan option also includes a unique financial literacy component that helps students learn good credit habits and build their credit scores while they are still in school.

“We are very excited to be able to continue offering private student loans,” said Jennifer Watson, LFCU CEO. “With the price of college on the rise, students and parents are finding it difficult to afford higher education. Our private student loans take over when federal funding is exhausted,” said Watson.

Limestone takes pride in our community involvement, especially in the financial education of our youth. We’re there every step of the way on their educational journey, from kindergarten to college! It’s a privilege we don’t take lightly.
